All about us

Welcome to Refresh Education

Refresh Education is a small, nurturing alternative provision dedicated to helping young people aged 11–16 rediscover their confidence, reach their potential and develop a positive attitude towards learning.

We recognise that mainstream education isn't the right fit for every young person, so we offer a fresh approach in a supportive, inclusive and engaging environment.

Through personalised learning, experienced teaching staff and a broad curriculum, we aim to inspire every student to believe in themselves, celebrate their achievements and build the skills they need for a successful future.

Different journeys. New opportunities. Brighter futures.

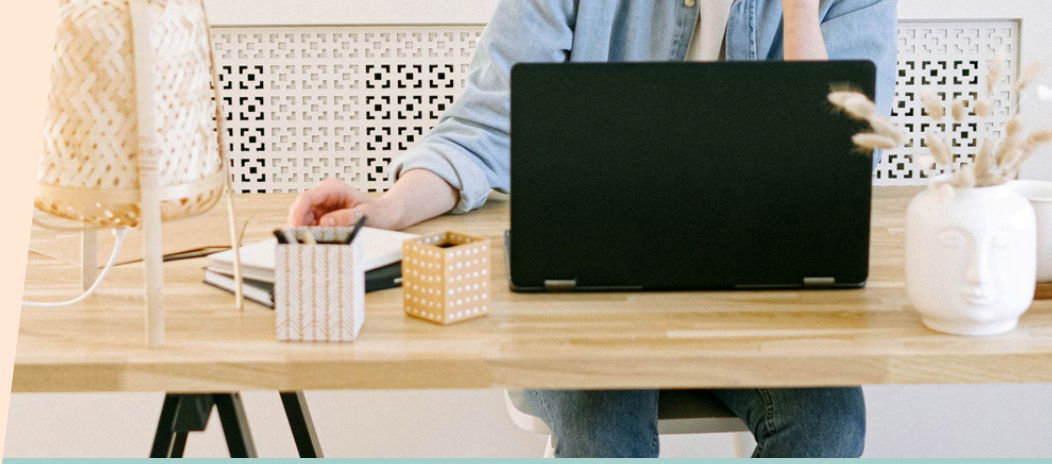

HELLO

www.refresh-ed.co.uk

MEET THE

TEAM

Natasha Clough - founder and school business manager

Natashs holds a PGCE and a BA in Modern Foreign Languages, bringing over 15 years of experience supporting young people with additional needs, including SEN and SEMH, both professionally and personally. She is passionate about helping every student achieve their potential.

Eleanor Benson - founder and head teacher

Eleanor holds a BA in Health and Social Care, a PGCE and an MA in Education and Social Justice. With over 10 years of experience, both professionally and personally, she is passionate about inclusive education and creating opportunities for every young person to thrive.

WHAT MAKES US, US

INDIVIDUALITY

Every young person is different. We recognise individual needs, strengths and interests, tailoring learning to help everyone succeed.

CONFIDENCE

We celebrate every achievement, build self-belief and encourage young people to recognise their own potential.

BEYOND THE CLASSROOM

Through enrichment, life skills and real-world experiences, we prepare students for life beyond education.

REAL QUALIFICATIONS

our students leave with valued qualifications to prepare them for their next steps

LEARNING WITHOUT LIMITS

We make learning engaging, accessible and relevant, giving students the opportunity to achieve qualifications and discover new interests.

SMALL & SUPPORTIVE

Small groups mean more time, attention and meaningful relationships, helping students feel safe, valued and understood.

OUR CURRICULUM

KS3

Our Key Stage 3 (years 7 - 9) curriculum provides a broad and engaging foundation across a range of subjects, developing essential knowledge, skills and confidence. Learning is adapted to individual abilities and interests, helping students rediscover their enjoyment of education while preparing them for the next stage of their learning journey.

Beyond the classroom

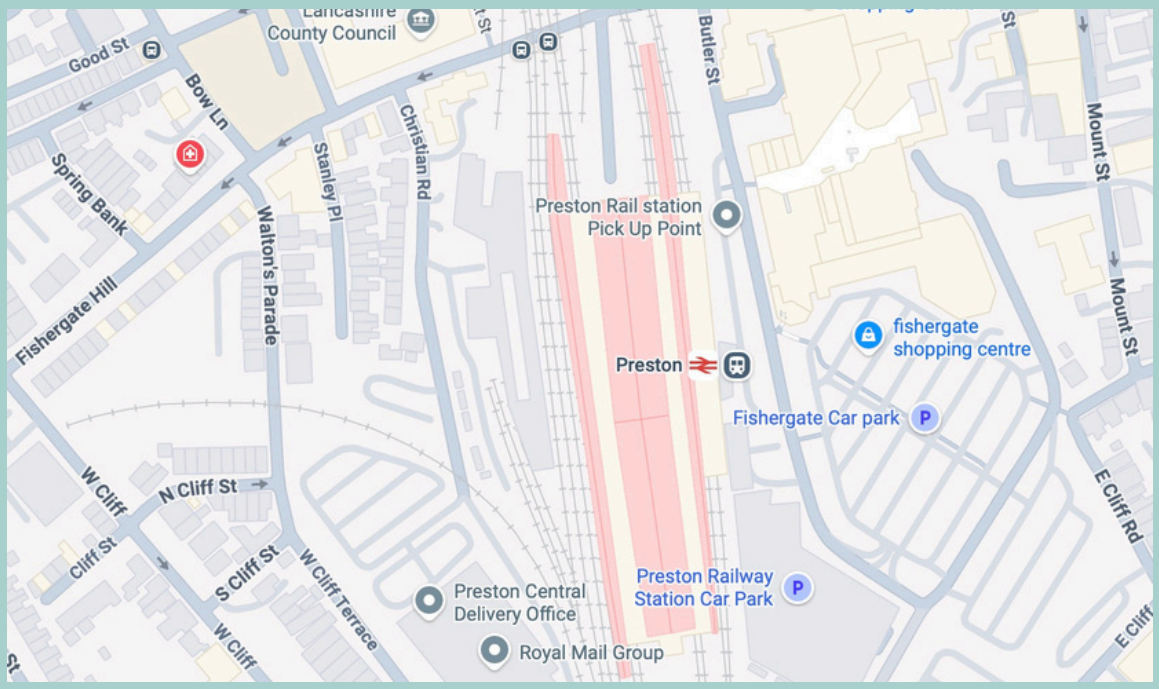

Enrichment

Enrichment is a valued part of life at Refresh, giving students the opportunity to learn beyond the classroom, try new experiences and develop essential social and life skills. From trips to local parks, libraries and leisure attractions to outdoor activities, sports and educational visits, we encourage students to explore their interests, build friendships and grow in confidence through real-world experiences.
